

PRODUCT OWNER JOB DESCRIPTION

Key information

- **Position Title:** Product Owner
- **Business:** Yabble
- **Location:** Auckland

About us

The Yabble team are smart, diverse and focused on making a massive difference in the world of insights. Creating world leading AI driven products that save users time, allowing them to free their minds to turn insights into action.

Recently launched in the US, Yabble is attracting world leading companies with our technology. You'll be part of a dynamic product team bringing cutting edge products to the world.

A bit more about us

We leverage the power of our people, our team covers 6 countries, speaks 8 languages and we work as one unified team to make things happen at pace.

We champion independent thinking, your ideas will be heard

We're fearless, not afraid to try, to learn and then go again

We're proud of our brand and our world leading technology, it's a winning combination we're focused on getting into customers hands globally.

We're Auckland CBD based with a mix of office and remote based working and established flexible working practices. For this role, we are ideally looking for someone Auckland-based.

But don't just take it from us; Yabble's been included in the Matchstiq Top 100 (a list of the best startups and Kiwi tech companies to work for) and listed as one of Data Magazine's 30 Most Innovative Machine Learning Startups and Companies.
